

**Labeeb has successfully received his DGCA examination results on 20th March 2026, marking a significant milestone in his journey toward becoming a professional pilot.**

**He is currently in the process of finalizing his admission to a flying school. Once the admission is confirmed, we will upload the official flying school confirmation letter along with the bank payment receipt of the scholarship amount in this section for complete transparency.**

**We expect this process to be completed by end of April or the first week of May 2026.**

**Once the documents are uploaded, you are welcome to independently verify their authenticity directly with the respective bank and flying school, reinforcing the genuineness and transparency of our scholarship program.**

**We sincerely appreciate your patience and understanding. At PTI, we are committed to maintaining complete transparency and ensuring that every promise we make is fulfilled with integrity.**

**Kindly revisit this section during the mentioned timeline for the updated documents.**

**Thank you for your trust and continued support**
